On Friday 7th November, Santa Fe Relocation Services again provided the trucks and an a small army of workers (including 500+ packing boxes) who went around all our dropoff locations in Pudong and Puxi and emptied garages, offices and warehouses overflowing with donations.

After 4pm (when all the school kids had left for the weekend), the Santa Fe trucks turned up at CISS and for the next 2+ hours, these trucks were emptied, filling the Gym with about 800+ boxes & bags of donations.

Many thanks goes to Sante Fe Relocation Services and their wonderful team for helping us meet our goals at River of Hearts.

For all your relocation needs, speak to the wonderful team at
